

Product Change Notification

Overview: Please be advised that the following is notice of change to the Fire Research WLA200 TankVision Tank Indicator product line.

Products Affected: All WLA200 models*.

This includes the following current FRC part numbers:

WLA200, WLA220, WLA230, WLA240, WLA260, WLA270

***Exceptions:** WLA205 Cab Miniature Water; WLA265 Cab Miniature Class A Foam; WLA275 Cab Miniature Class B Foam; WLA280 MaxVision; WLA290 Remote Light Driver.

Change Description: The above models are being discontinued effective November 1, 2015.

Reason For Change: Part of the ongoing process to improve FRC products. All affected WLA200 models (see above) are being replaced by the new TankVision Pro WLA300/400 series that will provide more features with updated hardware and enhanced programming.

Replacement Product: Two new TankVision Pro models will be available November 1, 2015. The new TankVision Pro models provide all the same features as the WLA200 series with the addition of updated hardware and enhanced programming. New features on all new models include additional programmable color pattern selections and programmable brightness control. Additionally, all new models are available with either nine (9) LEDs in a fractional scale or ten (10) LEDs shown in percentage scale.

The WLA300 models have an 8-pin harness connector and are direct replacements for the WLA200 series.

The WLA400 models have a 12-pin harness connector and offers additional features from WLA-300 series, including silence button, visual warning indicator and valve control signal.

FRC will continue to provide service and parts for the WLA200 TankVision Tank Indicator during its specified warranty period.

References: No references are applicable.

Response: No response to this notification is required. Requests for additional information should be directed to an FRC sales representative at 1.800.645.0074.
