

Product Change Notification

Overview: Please be advised that the following is notice of change to the WLA300-400 TankVision Pro product series.

Products Affected: WLA300 and WLA400 Series TankVision Pro.

Change Description: Effective May 26, 2017, the following programming options for Warning and Control Level Adjustment have been incorporated into the WLA300/WLA400 models beginning with serial number 520240.

Code 26—allows the Audio warning for the tank level to be turned OFF (or disabled); default is set for 1/4 (25%) full tank.

Code 27—allows the Visual warning for the tank level to be turned OFF (or disabled); default is set for 1/4 (25%) full tank.

Code 28—allows for the adjustment of the time delay in seconds before the Audio warning is activated; default setting is 1 second. (NOTE: each LED delays the Audio warning activation by 1 second. This is adjustable from 1 to 7 seconds.)

Reason for Change: To provide enhanced product features and customization abilities.

Replacement Product: N/A

References: No references are applicable.

Response: No response to this notification is required. Requests for additional information should be directed to an FRC sales representative at 1.800.645.0074.
